PROFESSIONAL SUMMARY

Dynamic operations leader with over a decade of experience driving results across aviation, logistics, and retail sectors. Recognized for simplifying complex workflows, leading cross-functional teams of up to 200 associates, and elevating performance through strategic coaching and process innovation. Thrives in environments where developing others is the mission — consistently empowering associates, peers, and even leaders to grow into roles beyond his own. Believes that strong teams are built by lifting people up, not holding them back. Proven in managing compliance, optimizing labor and cost efficiency, and influencing change across large-scale operations.
